

## PRESS RELEASE

London • 17 JULY 2006

### **NEW PARKING PROVISION FOR HAYLE TOWN CENTRE**

As part of the continuing process towards the regeneration of the Harbour in Hayle disused and unsightly land at Harvey's Foundry and Towan's sites has been improved and levelled to create two much needed car parks.

Some 180 new pay & display spaces have been created (rates are included in notes below). The Towan's site provides 80 spaces and the parking at the Foundry provides 100 spaces.

As well as improving unsightly areas these facilities will now provide proper control and management of parking in this area close to the centre of Hayle. Vehicle access to Foundry Quay will also now be controlled by a card-operated barrier, providing better security for those businesses who use that area.

The new car park facilities opened this week.

### **Ends**
